10

CLAIMS:

1.   A method of enabling to establish a connection between multiple UPnP-
compliant resources, wherein each of the resources has a respective ConnectionManager
service, and wherein the method comprises configuring the respective ConnectionManager
services so as to enable a UPnP Control Point to use the respective services for negotiating
5   the connection between the respective resources to be established at a time determined in
advance.

2.   The method of claim 1, wherein the resources comprise a tuner for tuning to a
broadcast channel and a recorder for recording a broadcast.
10

3.   A method of establishing a connection between multiple UPnP-compliant
resources, wherein each of the resources has a respective ConnectionManager service, and
wherein the method comprises using the respective ConnectionManager services configured
so as to enable a UPnP Control Point to use the respective services for negotiating the
15   connection between the respective resources to be established at a time determined in
advance.

4.   The method of claim 3, wherein the resources comprise a tuner for tuning to a
broadcast channel and a recorder for recording a broadcast.
20

5.   A UPnP compliant device with a ConnectionManager service that is
configured so as to enable a UPnP Control Point to use the service for negotiating with
another ConnectionManager service a connection with another UPnP-compliant device to be
established at a time determined in advance.
25

6.   The device of claim 5 comprising a tuner for tuning to a broadcast channel.

7.   The device of claim 5, comprising a recorder for recording content
information.

8.   Control software for enabling to establish a connection between multiple
UPnP-compliant resources, wherein each of the resources has a respective
ConnectionManager service, and wherein the software is operative to configure the
respective ConnectionManager services so as to enable a UPnP Control Point to use the
respective services for negotiating the connection between the respective resources to be
established at a time determined in advance.
